Greetings,

Welcome all old and new users! We've had quite the flood of new users since we updated the website.

We created FabWiki some time ago but have not done well maintaining it. It's based on DokuWiki, like Wikipedia, and has many plugins all of which need to be maintained and updated. So, the website was a real mess.

Well, this is to let you know we've updated everything and added some new content. Please take a look and let the webmaster hear your comments. Also, if you have anything to contribute send it to the webmaster and we'll get it uploaded.

Thanks, your FabWiki Webmaster.

PS. This email is also a check for valid email addresses. Invalid email addresses will result in the account being deleted.
